

Name: _____
Class Period (s): _____

Date: _____
"The Miracle Worker"

1. What is ASL?

2. Where did it originate?

3. After reading this information, who do you think could benefit from using it?

Take the challenge and see how much you learned. Sign language is not as easy as it looks. Make sure you know how to "sign" your first name using sign (deaf) and touch-sign (deaf blind) languages. Practice signing with a partner.

MIRACLE WORKER CONTRACT

Pre-reading

Both my partner (name) _____ and I
(name) _____ have practiced sign language and touch-sign
language. We have gained knowledge and appreciation from being exposed to this
language. We realize that Helen Keller was an amazing woman who overcame many
obstacles in her lifetime. Signing will help us make connections with this
tremendous woman.
